

A map of the Pacific Ocean region from 160°W to 80°W. The map is overlaid with a grid of colored circles. The colors transition from green in the southwest to orange, then to a mix of orange, blue, and red towards the northeast. Ten specific locations are marked with black 'X' symbols and numbered 1 through 10. Location 1 is in the bottom right (blue circles), location 2 is in the lower left (orange circles), location 3 is in the bottom left (green circles), location 4 is in the upper right (red circles), location 5 is in the upper left (purple circles), location 6 is in the center (orange circles), location 7 is in the top center (pink circles), location 8 is in the center (grey circles), location 9 is at the bottom center (yellow circles), and location 10 is in the top left (cyan circles). The map also shows the outlines of the Hawaiian Islands and the western coast of North America.
